

# selection service durability

Our prebounds are the most highly regarded in the industry. They are assembled in our on-site bindery to our strict quality standards. With this hands-on approach we can guarantee that each book we touch comes to your shelf ready to withstand increased circulation. From high-demand titles to classroom sets, our renowned binding can extend the life of a book and free-up much needed funds in your budget. Build your library with our prebound books—they're **Bound to be the Best!**

## prebound breakdown

- 1 Side-sewn and assembled by hand**  
Each book is individually inspected to ensure a top quality binding and no loose pages.
- 2 Rounded library corners**  
Library corners are less likely to snag and fray, preventing unnecessary wear-and-tear.
- 3 4-color digital printing**  
Bright, sharp covers maintain the integrity of the original art and appeal to library users and readers.
- 4 Davey Red Label high-density binder boards**  
Durable books can withstand high circulation without losing their shape.
- 5 Laminated covers**  
Laminated covers are protective and easy to clean.
- 6 Cold glue**  
Synthetic, high quality adhesive significantly increases the longevity of a book and resists mold.
